LARYNGOSCOPE Citations Now Available on RadLine

Citations to articles from the LARYNGOSCOPE have been selected for inclusion in the RadLine electronic reference database.

RadLine provides radiology professionals with a comprehensive summary of radiology literature of the past 10 years. The abstracts of those articles published with an abstract are also available.

The service is provided on a subscription basis and the contents can be updated monthly, quarterly or annually, at the subscriber's option.

Subscription information on RadLine and other medical database services is available from Aries Systems Corporation, One Dundee Park, Andover, MA 01810; or by calling (508) 475-7200.
